

A grayscale chest X-ray showing the thoracic cavity. Two rectangular bounding boxes are overlaid on the image. The first box, outlined in pink, is located in the upper left lung field and is labeled 'Lymphadenopathy 0.39'. The second box, outlined in yellow, is located in the lower left lung field and is labeled 'Airspace opacification 0.46'. The background shows the ribs, spine, and heart silhouette.

Lymphadenopathy 0.39

Airspace opacification 0.39

Airspace opacification 0.38

Airspace opacification 0.46

Airspace opacification 0.28

Pleural effusion 0.44
