

Lymphadenopathy 0.36

A grayscale chest X-ray showing the lungs and mediastinum. Two overlapping rectangular bounding boxes are present: a yellow one on the left and a pink one on the right. The yellow box is labeled 'Airspace opacification 0.61' and the pink box is labeled 'Lymphadenopathy 0.36'. The background shows the typical lung texture with some increased opacity in the highlighted regions.

Airspace opacification 0.61
