

A lateral chest X-ray showing the thoracic cavity. Two rectangular bounding boxes are overlaid on the image. A pink box is positioned in the upper-middle section, and a yellow box is positioned below it, overlapping the pink box. The pink box is labeled 'Lymphadenopathy 0.66' and the yellow box is labeled 'Airspace opacification 0.32'.

Lymphadenopathy 0.66

Airspace opacification 0.32
